

Cybersecurity Guild

GuildCTF Writeup Template

v 1.0.1: 13 September 2026

Name:	CTFd Username:	Roll No:
Hostel:	Phone:	Email:

Hello, This application is meant to be filled out alongside our challenge competition; GuildCTF 2026.

Don't be afraid to Google as much as you can! (you are allowed to use AI as well, just do so **judiciously**, not a blind problem solving tool and be sure to **always acknowledge** where you've used them.)

For every question, document your process clearly. Include what you tried (whether successful or not), attach screenshots or code snippets wherever relevant, e.g. your solve scripts (via a GitHub repo or use a service like [pastebin](#), and link them here). Keep the explanations brief. Bullet Points are preferred over large paragraphs of text, and **PLEASE KEEP THE APP HUMAN WRITTEN**. (please don't make the reviewer of your application read through slop). If your app reeks of slop, you will be packed.

Please keep in mind that **full-solving the CTF is not necessary!** You have a better chance of being selected by thoroughly and clearly solving even a portion of the application than by completing it entirely without properly justifying your approach.

If you make progress on a challenge but aren't able to solve it, please fill out a partial write-up for it in the application as well.

Most of all we hope you have fun apping :)

Please note that there is a ₹6,000 Prize Pool for the best writeup submissions.

"I'm a hacker, and this is my manifesto. You may stop this individual, but you can't stop us all... after all, we're all alike."
+++The Mentor+++

~ exploiitm

As of 13-Sept-2026, this is the CTF website, Please note that this only works from within the insti network.

GuildCTF Website

Join the [Aspiring Cybersecurity Guild WhatsApp Group](#) to stay updated on any changes that are made, this will be the main point of contact.

The deadline for submitting your application is **12 PM 19 September 2026**, submit using this [Google Form](#)

Make sure your application is submitted as
<CTFd-Username>_<Name>_<Rollnumber>_Cybersecurity_Guild.pdf.

Contents

- 1. Appendix
 - 1.1. Resources
 - 1.2. Contacts
- 2. Managerial Stuff
 - 2.1. CTFd Username
 - 2.2. About You
- 3. Binary Exploitation
- 4. Web
- 5. Cryptography
- 6. Miscellaneous

1. Appendix

1.1. Resources

[Resources PDF](#)

1.2. Contacts

- Guild Lead - Aditya Sharma
- Guild Lead - Anirud Soundara Raghavan

2. Managerial Stuff

2.1. CTFd Username

Please put your CTFd Username here; Make sure you sign up with your insti smail.

2.2. About You

- a) Tell us about yourself, what makes you tick and why are you interested in Cybersecurity.
- b) What commitments do you have for this and the next semester; How will you balance them with your academic commitments?

3. Binary Exploitation

- Challenge Name:
- Challenge Flag
- Writeup:
 - Introduction to the problem:
 - At first i tried...
 - I identified that the program is vulnerable because...
 - That didn't work because..., but
 - Then I tried to...
 - ...
- Solve Script(s)

[Link To Solve Script1](#)
